

LAURA-ANNABEL TOMBS

JUNIOR WEB DEVELOPER

REVOLUTION

*The Girl With The Red Balloon no longer has her balloon!
Help her catch them before they reach the top of the wall and disappear forever!*

START

jQuery, JavaScript, CSS, HTML.

An individual JavaScript App testing game-play logic and based on Banksy's 'The Girl With the Red Balloon.'

vibes.

Add Deed Browse Deeds My Deeds Requests hello Tombs-Day logout

"Good deeds
should
be done with
intention not
for attention"

jQuery, JavaScript, ES6, CSS, HTML, BCrypt, TDD, Tokens, Ajax, JSON, Express, Node.js, Mongoose, Mongo, Mocha, SCSS, Bootstrap, Gulp and Bower.
An agile group project, we created a social-media platform for altruistic tasks, where users were rewarded with "vibe-ratings." My role was to structure our daily output, and lead thrice daily stand-ups, alongside pair programming the user-authentication using BCrypt and writing tests using Mocha.

MODE

Welcome, Laura

jQuery, JavaScript, ES6, CSS, HTML, BCrypt, TDD, Tokens, Ajax, JSON, Express, Node.js, Mongoose, Mongo, SCSS, Bootstrap, Gulp and Bower.

A RESTful MEAN stack application where users upload their virtual wardrobe and build outfits. A strong focus on minimalist, sleek design and user-experience.
